Dear Dominique:

How can I possibly thank you for all you did to make yesterday's program, Media as Grantmakers, such a success. "Thank you" seems so inadequate, but it is about the best the English language offers.

You took Danah's program idea and turned it into reality. Your contacts and knowledge of the PR field were crucial to the success. We simply could not have done this without you. Thank you for all the time and effort – even while you were sick! – that you invested in this project.

I hope you were pleased with the program. It surpassed my hopes. We had 140 registered and practically no no-shows. What an incredible turnout! People were obviously hungry for the information. I was particularly pleased that we were able to introduce some new people to our resources and services. We definitely attracted a new audience.

A bonus from this program is that Marilyn Mobley volunteered to do another program – just her talking about PR tips – for us gratis. We're definitely taking her up on the offer.

I know you are incredibly busy, so I'm doubly appreciative for all that you do for the Foundation Center. You are such an asset to our advisory board.

Many, many thanks for helping us pull off such a successful, well-received program.

Sincerely,

A handwritten signature in cursive script that reads "Pattie".
